

TOWN OF NEEDHAM, MASSACHUSETTS  
PUBLIC WORKS DEPARTMENT  
HIGHWAY DIVISION  
500 Dedham Avenue, Needham, MA 02492  
Telephone (781) 455-7550, FAX (781) 449-9023

## NOTICE

# ATTENTION RESIDENTS OF High Rock St (Central Ave to 250' east of Murphy Rd)

The Department of Public Works Highway Division will be working with a hired contractor (All States Asphalt) to apply an asphalt-rubber surface treatment with aggregate to **High Rock St (Central Ave to 250' east of Murphy Rd) the week of 8/17/15.** (Weather permitting).

The process involves an application of asphalt-rubber and stone cover to the roadway. This system seals and waterproofs the existing pavement and provides a new driving surface. This is an important and effective maintenance process.

The new surface can be driven on immediately; however, care must be taken not to spin your tires or turn sharply until the loose stones are swept up. The Highway Department will sweep the loose stones approximately 1 week after the application. The new surface will become smoother over time.

During this time we ask residents not to park on the roadway and refrain from any activity, which could result in water collecting on the roadway until the work is complete.

**Vehicles parked on the roadway will be towed.**

Please take into consideration that this process may cause delays in getting in or out of your driveway or street.

We thank you for your cooperation. If you have any questions or comments, please feel free to contact the Department of Public Works Highway Division at (781) 455-7550 between 7:30 a.m. and 3:30 p.m., Monday – Friday or email [rhoyland@needhamma.gov](mailto:rhoyland@needhamma.gov).
